 - **Tools & Platforms:** Git, GitHub, React Router, VS Code, Chrome DevTools
 - **Other:** Responsive Design, UI/UX Principles, Component-Based Architecture
-

Education

Bachelor's Degree in Information Technology

Universiteti "Fan S. Noli", Korçë | 2021 – 2024

Projects

OnlineShop – E-commerce Project | React, CSS, React Router

- Built a demo e-commerce website with product browsing, order placement, and tracking functionality.
- Implemented multi-page routing with React Router and responsive design for mobile and desktop.

Chatbot – Interactive Web App | React, CSS

- Developed a chatbot responding to greetings, date queries, dice rolls, and coin flips.
- Used React state, props, and event handlers for interactive functionality.
- Implemented dark/light mode toggle and clean, user-friendly interface styling.

YouTube Clone – Static Web Page | HTML, CSS

- Recreated YouTube homepage layout using HTML and CSS.
- Added clickable video and channel links for realistic navigation simulation.

Rock-Paper-Scissors – Interactive Game | HTML, CSS, JavaScript

- Built a classic game with vanilla JavaScript, using basic JavaScript concepts like variables, functions, and conditional statements.
- Built with HTML and styled with CSS.

Max Payne 3 Clone – Static Web Page | React, Tailwind CSS

- Recreated the official Max Payne 3 homepage using React components and Tailwind for styling.
 - Focused on modern styling, layout, and component-based architecture.
-

Languages

- **Albanian:** Native
 - **English:** B2/C1
-
